Please check the timetable within the attached excel file.

You will present your thesis proposal in Jeongui Hall #323.

In case the participants finish early, please wait in the common room 10 minutes earlier than your turn.

#### 4. National Health Insurance payment

I talked with KOICA by phone, asked why we still receive the National Health Insurance Giro paper. They said the collaboration agreement has been delayed.

Therefore, each member should pay by himself until the 25th of this month. (Maybe until the next month)

They said reimbursement will also be delayed, as it is linked to an increase in the overall 10th batch business expenses. (+after the increase of our expenses, the Yonsei-KOICA office should renew the insurance with the Content Financial Cooperative too.)

I'm sorry I kept changing my words according this issue.

Thank you.
